

Kingsmead School SEND Information Report

At Kingsmead, our goal is to remove barriers to learning for every child so that all children can achieve their full potential.

On these pages you will find information on the support we provide for pupils with Special Educational Needs and Disabilities (SEND).

Kingsmead Primary School fully endorses the SEND Code of Practice (2015) core principles:

All children and young people are entitled to an education that enables them to make progress so that they

- **Achieve their best**
- **Become confident individuals living fulfilling lives, and**
- **Make a successful transition into adulthood, whether into employment, further or higher education or training.**

Our Special Educational Needs Coordinator (SENDCo) is Chloe Tate; she can be contacted by telephone on 0208 985 5779, please feel free to get in touch with her if your child has a Special Educational Need or Disability and / or you would like more information.

What is Special Educational Needs and Disability?

A Special Educational Need (SEN) is a significant difficulty or barrier that affects a child's ability to learn and to access the curriculum.

A Disability is a long term health condition which causes a difficulty or barrier to learn or to access the curriculum.

The SEND Code of Practice 2014, outlines four main areas of need:

Area of Need	Definition
Communication and interaction	Children with speech, language and communication needs (SLCN) have difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or they do not understand or use social rules of communication.
Cognition and learning	Support for learning difficulties may be required when children learn at a slower pace than their peers, even with appropriate differentiation. Specific learning difficulties (SpLD), affect one or more specific aspects of learning. This encompasses a range of conditions such as dyslexia, dyscalculia and dyspraxia.

Social, emotional and mental health difficulties	Children may experience a wide range of social and emotional difficulties. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. Other children and young people may have disorders such as attention deficit disorder, attention deficit hyperactive disorder or attachment disorder.
Sensory and/or physical needs	Some children require special educational provision because they have a disability which prevents or hinders them from making use of the educational facilities generally provided. Many children and young people with vision impairment (VI), hearing impairment (HI) a multi-sensory impairment (MSI) or a physical disability (PD) will require specialist support and/or equipment to access their learning.

School Offer

In line with statutory guidelines every school in the UK provides parents and carers with information about how the school can support children's needs. The following questions and answers will identify key points and if you require further information please contact Chloe Tate (SENDCo)

How do we identify children's needs?

The aim is to identify children's needs as soon as possible in their learning journey.

We can do this by

- Identifying which children are not making expected progress by assessing and tracking their achievements.
- Having termly meetings with class teachers, senior leadership and key staff to discuss any concerns regarding the progress or well being of any child.
- Working in partnership with parents to identify any needs.

What should I do if I think that my child has Special Educational Needs?

If you are concerned that your child has a special educational need (SEN), you can speak to your child's class teacher or any member of the Inclusion Team who will then follow up your concerns.

Two members of the Inclusion Team are available at the school gate at the beginning and end of each day or you can call the school number (0208 985 5779) and select the Inclusion Team option.

How will the school respond to my concerns?

The SENDCo will arrange to meet with you and any relevant staff to discuss the concerns that you have. If your child is identified as making limited progress within any of the four broad areas of need as identified in the 'Special Educational Needs and Disability Code of Practice', then we can discuss and plan any additional support and any necessary referrals to professionals outside of school.

What can the school do to support my child's needs?

Every child at Kingsmead receives **Quality First Teaching**.

This means:

- That the teacher has the highest possible expectations for your child and all pupils in their class.
- That all teaching is based on building on what your child already knows, can do and can understand.
- Different ways of teaching are in place so that your child is fully involved in learning in class with differentiated activities, teaching approaches and grouping.
- Your child's teacher will monitor and track your child's progress in all areas of learning and will be aware in which areas your child needs some extra support to help them make the best possible progress.

Children will receive different support, depending upon their specific needs. The class teacher will decide which strategies and resources are appropriate to support your child's needs. The Inclusion Manager will discuss additional support provided for your child when appropriate and, where outside agencies are involved, they will provide advice about how best to support your child's needs.

Here are some examples of ways we may support your child:

For children with learning needs:

- Increased adult support such as working 1:1 with a teaching assistant or working in a group in or out of class with a particular learning focus.
- Receiving additional support from a Teaching and Learning Associate in school
- Receiving specialist teacher support for literacy or numeracy.

For children with speech, language and communication needs:

- Access to a language group
- Support and planned work set by a Speech and Language Therapist

For children with social, mental or emotional needs:

- An individual behaviour plan
- Pastoral Support or School Counsellor support
- Access to a Circle of Friends Group

Additional provision at Kingsmead involves an initial assessment of need, a planning meeting with relevant adults, a time limited intervention and an assessment of how successful the intervention has been.

What is my role as the Parent/Carer of a child with Special Educational Needs?

- You will be asked to come to meetings each term to discuss your child's progress and help plan possible ways forward.
- You may be asked to give your permission for the school to refer your child to a specialist professional e.g. a Speech and Language Therapist (SALT) or Educational Psychologist (EP). This will help the school and yourself understand your child's particular needs better and be able to support them better in school.
- The specialist professional will work with you, your child, their class teacher and the SENCO to understand your child's needs and make recommendations, which may include:
 - Making changes to the way your child is supported in class e.g. some individual support or changing some aspects of teaching to support them better
 - Support to set specific targets which will include their expertise
 - A group run by school staff under the guidance of the outside professional e.g. a Speech and Language Group.

This type of support is available for a child who has specific gaps in their understanding of a subject/area of learning and who therefore has been identified as requiring SEN Support.

If your child's needs cannot be met using the SEND support available to Kingsmead from within the school or from seeking the support of outside agencies, you will be asked to meet to discuss the possibility of requesting an Education, Health and Care Plan Assessment from Hackney Education.

What is an Education, Health and Care Plan (EHCP)?

Children with the most complex and significant special educational needs will be considered for an Education, Health Care Plan (EHCP).

An EHCP will look at all the needs a child or young person has across education, health and care. This document will outline a pupil's special educational need and will include the needs of the child across health and care too. Professionals from

each area, along with parents/carers and the child, will consider what outcomes are desired and what is needed to achieve them.

Who will support my child in school?

If your child is identified as needing SEN Support the following staff will be involved in supporting your child:

- Qualified and experienced teachers
- Experienced and skilled teaching assistants

The following people may also be involved depending on your child's needs (School based staff are in **grey** and form part of Kingsmead's **Inclusion Team**)

Name	Role	Service Provided
Chloe Tate	SENDCo	Manages support for children
Emma de Sausmarez	Family Support	Support for families and children
Julia Simon	Teaching and Learning Associate	Individual, paired or group support for children in and out of class.
Jon D'Agostino	Counsellor	Supports children with a range of additional needs
Various	Teaching Assistants	Individual, paired or group support for children in and out of class
Freddie Katanga	Pastoral Support Lead	Supports children with social, mental and emotional difficulties.
Hannah Gordon	EMHP Education Mental Health Practitioner	Advice and guidance for parents to support children experiencing social, emotional and mental health difficulties
Jale Raman (on maternity leave) and Alice Wardman	Educational Psychologist	Support and Guidance for staff/ parents /children.
Dominique Hird	Specialist teacher	Support and Guidance for staff/ parents /children.
Freya Shaw	Speech and Language Therapist	Support for children with Speech and Language difficulties
Mark Sokal	Specialist Teacher of Deaf and Partially Hearing Children	Support for children with hearing impairment.
Melanie Norton	Qualified Teacher for Visual Impairment	Support for children with visual impairment
Siobhan Ryan	Traveller Education Service Coordinator	Advises and supports Traveller Families
Charlotte Tetley	School Nurse	General medical support and advice for children/parents and staff and developing care plans for individuals.
Dr Dorgu /Dr Davies	Child and Family Consultation Service NHS East London Foundation Trust	Support for children with complex needs e.g. Mental Health.

Various therapists	Occupational Therapist	Support for students with co-ordination difficulties
Various therapists	Physiotherapist	Support for students with physical disabilities

What opportunities will there be for me to discuss my child's achievement? How will I know how well my child is progressing?

We would encourage you to speak to your child's class teacher or a member of the Inclusion Team if you have any concerns about your child. Meetings can be arranged during the school year when you or the class teacher feel that there are issues to discuss.

You will also have two formal opportunities at Parent/Carer Evenings to meet with your child's class teacher to discuss your child's progress. Further opportunities to meet with the class teacher can be made throughout the year if you or the class teacher have any further concerns.

A child identified on the SEND register as having SEN Support will also have these same opportunities with the addition of discussing and reviewing targets in the child's ISP (Individual Support Plan). Additional SEN Support meetings may be arranged throughout the year especially when there is the involvement of outside professionals.

If your child has an Education, Health and Care Plan then they will have reviews on a minimum of a yearly basis to discuss in detail their individual needs and ensure that the right provision is in place.

How will my child's views be heard?

Your child will be able to contribute at all SEND reviews should he or she be old enough and/or be able to contribute. Where possible, children will attend review meetings and have the opportunity to make their views known through at least termly meetings with a key adult.

How will you help me to support my child's learning?

- The class teacher may suggest strategies of how to support your child.
- A member of the Inclusion Team may meet with you to discuss how to support your child with strategies at home.
- If outside agencies have been involved, suggestions and programmes of study are normally provided that can be used at home.

What support will there be for my child's overall well-being?

Pupils with medical needs

If a pupil has a medical need then a detailed Care Plan is compiled by the school nurse in consultation with parents/carers. These are discussed and shared with all staff supporting the pupil.

There are a significant number of staff who are First Aid trained and can administer basic first aid if required.

Key members of staff are trained to use an EpiPen and manage other medical conditions such as diabetes or epilepsy. Other staff training is arranged when necessary to support any child with medical needs.

Specialist Teacher support time is accessed from Hackney Education to support pupils with visual and/or hearing impairments and their relevant staff.

Where necessary and in agreement with parents/carers medicines are administered in school but only where a signed Medicine consent form is in place to ensure the safety of both the child and the staff member.

What specialist services and expertise are available at or accessed by the school?

These services are accessed depending on the level and type of need, which can change on a regular basis.

- Educational Psychologist
- Speech and Language Therapy
- First Steps (CAMHS)
- CAMHS (Child and Adolescent Mental Health Service)
- Social Services
- Occupational Therapy
- Hackney Ark (sometimes referred to as MARS – Multi Agency Referral Service)
- Re-Engagement Unit
- PRU (Pupil Referral Unit)

- School Nurse
- School Doctor
- Inclusion Team
- Young Hackney – pastoral, behaviour support

What training have the staff supporting children with SEND completed or are currently completing?

Different members of staff have received training related to SEND - these have included:

- How to support children with speech and language difficulties
- How to support children on the autistic spectrum
- How to support children with behavioural, social and emotional needs
- How to support children in literacy and numeracy.

How will my child be included in activities outside the classroom including school trips?

Activities and school trips are available to all children.

- Risk assessments are carried out and procedures are put in place to enable all children to participate.
- If it is felt necessary, a parent or carer may be asked to accompany a child during the activity depending on the level of the 1:1 support.

How accessible is the school environment?

As a school we are happy to discuss individual access requirements. Facilities we have at present include:

- All classrooms apart from two are on the ground floor.
- All public access rooms, including front and back entrances, toilets, E-learning zone, lunch hall and main hall are on the ground floor.

How will the school prepare my child when joining Kingsmead Primary School or transferring to a new school?

Many strategies are in place to enable the pupil's transition to be as effective as possible. These include:

- Discussions between the previous or receiving schools prior to the pupil joining/leaving.

- At the end of the Summer Term all pupils attend a transition session in which they spend time with their new class teacher and support staff. Teachers and support staff also meet at this time of year to discuss children's individual needs with the new staff for the following year.
- For children starting school in Reception, we hold information sessions for new parents to get to know Kingsmead.
- Additional visits are arranged for pupils who may need extra time in their new school/class.
- Secondary school staff visit pupils prior to them joining the new school and there are transition visits for all pupils to attend their new secondary schools in the Summer term.
- The SENCO will liaise with the relevant staff from other schools to share information regarding SEND pupils and their individual needs.
- Where a pupil may have more specialised needs, the SENDCo will arrange a separate meeting between the new school SENDCo, Parents/Carers, pupil and other relevant professionals.

How are the school's resources allocated and matched to the pupil's special educational needs?

- The SEND budget is allocated each financial year. The money is used to provide additional support or resources dependant on an individual's needs.
- The additional provision may be allocated after discussion with the class teacher at a review meeting or if a concern has been raised at another point during the term.
- Resources may include deployment of staff depending on individual circumstances

What are our admission arrangements for children with Disabilities?

The arrangements for the admission of pupils with disabilities to Kingsmead School fall within our duties under the Equality Act 2010 and Special Educational Needs and Disability Regulations 2014. The arrangements are the same as those applied to all pupils. All Admissions (apart from Nursery places) are arranged by application to the Local Education Authority (Hackney Education). If successful, Kingsmead School then receives notification that a child has been allocated a place.

For information about Hackney Education admissions please visit the hackney education website (<https://education.hackney.gov.uk/section/admissions-and-transfers>)

Nursery applications are made directly to the school. More information about how to apply for a Nursery place at Kingsmead can be found [here](#).

Children with Education Health and Care plans have a separate application process. You can get an application form to complete from the Education, Health and Care Planning (EHCP) team at Hackney Education.

Read the [Hackney Local Offer](#) for more information or call 020 8820 7000 Option 4.

Kingsmead Primary will take steps to prevent disabled pupils from being treated less favourably than other pupils. We will use our best endeavours to ensure that no child is unable to attend our school due to a disability. In order to promote equality of opportunity for disabled children we will make reasonable adjustments to prevent any child being disadvantaged.

In practice we ensure that classroom and extra-curricular activities encourage the participation of all pupils, including those categorised as having Disabilities. Staff organise human and physical resources within the school to increase access to learning and participation by all children. Please see the section on Teaching and Learning on the website for details of *how we adapt the curriculum and learning environment for children with Special Educational Needs and/or disabilities (SEND)* Existing facilities provided to assist access to the school by children with disabilities include:

- Wheelchair access onto school grounds at the main entrance and into the main playground
- Disabled parking is available near the main entrance.
- The majority of the building is on one level
- There is an adult disabled toilet.

For further details, please see the Accessibility Policy plan which forms part of the Equality Plan and sets out the school's Equality Objectives.

What do I do if I have a concern about the support that my child with SEND receives at Kingsmead Primary school?

In the first instance please contact your child's class teacher. Many issues can be resolved with a conversation but if you still have a concern then please contact the SENDCo (Chloe Tate) and arrange a meeting to discuss any issues with her. If you are still unhappy please refer to the complaints procedure which are explained on the Complaints Procedure page (please [click here](#)), in the Parent and Carer section of the school website, where you can also find the school's complaints form which is uploaded at the bottom of the Complaints Procedure page.

You can also receive support and advice about any concerns by getting in touch with [Hackney SENDIAGS](#) (Special Educational Needs and Disability Information Advice and Guidance).

Who can I contact for further information?

If you wish to discuss your child's educational needs please contact the school office to arrange a meeting with the class teacher or the SENDCo, Chloe Tate.

If you have any other questions, please do not hesitate to contact the school.

School contact Number: 0208 985 5779

Local Authority Offer

The SEND Code of Practice 2014, requires local authorities and schools to publish, and keep under review, information about services they expect to be available for the children and young people with (SEND) aged 0-25. This is the 'Local Offer'.

The intention of the Local Offer is to improve choice for families. It will also be an important resource for parents in understanding the range of services and provision in the local area.

The Hackney Local Offer can be accessed at:

[Hackney Local Offer](#)

Next review date for SEND offer: **September 2027**
