Primary Sports & PE Funding 2025 – 2026

At Kingsmead Primary School, we are strongly committed to PE and recognise the contribution of PE to the health and wellbeing of the children. Additionally, we believe that an innovative, varied and immersive PE curriculum has a positive influence on concentration, attitude and academic achievement. Our commitment to these opportunities is evident in the wide array of sporting activities that we offer both in and out of school. Our Sports Premium Funding will help us to continue to provide this provision and ensure that we have professionals that specialise in the areas on offer.

Purpose of the Funding
Schools are required to spend the sport funding on improving their provision of PE and Sport, but they have the freedom to choose how they do this.

Objectives for PPSG spend:

- To maintain to a high level the provision of PE and Games at Kingsmead
- To improve physical activity for all children
- To promote healthy life style choices e.g. cycling
- To develop confidence in and a love of competitive sporting events
- To target and develop opportunities for those that don't get the chance to take part in sporting activities outside of school.

Impact
The school will measure the impact of the sports fund grant spending at the end of 2024 – 2025 through pupil interviews, evaluations completed by the PE Lead, specialist PE teachers, and analysis of attendance at clubs / activities and percentage increase in attendance at sporting events.

Deployment
The following costs are not exact but a near estimate at the time of calculations.

Sports & PE Funding 2025 – 2026

Number of pupils and sports funding rewarded				
Total number of pupils on roll eligible for Sports & PE Funding		**187**		
Total amount received		**17,876**		
Carry forward from 2022 - 2023		**£0**		
Amount received per pupil		**£95.60**		
Total amount spent		**£35,694**		
Expenditure – How Kingsmead will use the funding	**Cost**	**Objective**	**Success Criteria**	**Impact (July 2026)**
Specialist sports coaches (Team Get Involved - TGI)	£5,560	To maintain pupil engagement in physical activities across all age groups	All PE lessons are of the highest quality	Throughout the year TGI have taught PE lessons of the highest quality and the impact on children has been great. Children show

		To ensure children with SEND have equal access during PE lessons Increase staff confidence in teaching physical education To provide high quality competitive sporting events for the whole school	Lessons provide support to those SEND children who need it Student teachers and early careers teachers feel confident in planning PE lessons Increase in the number of children participating in competitive sporting events	enthusiasm for all PE lessons and have improved their skills in throwing, running and working in teams. The SEND children have been fully supported by TGI coaches who have taken into account their needs while never compromising on the skills they have imparted. All SEND children have enjoyed PE on equal terms with their peers. The culmination of all the work was Sports Day where children showed that they were competitive in individual activities while still supporting other members of their class in activities they were not involved in.
Specialist dance teacher for Drumming & Dance	£10,970	To provide high quality dance and drumming lessons from Reception to Year 6 that develop skills and allow for progression Ensure SEND children have the same access to all activities To ensure the good development and progression of transferable skills e.g. rhythm and balance To provide challenge and experience of competition through the Dynamix Drumming and Dance group.	Progression evident in performances and confidence when performing to an audience SEND children enjoy dance and choose to take part in after-school club Skills learned in D&D observed in all area of sport and during class assemblies Dynamix group have competed in Hackney Dance competition	Drumming and Dance lessons provided expert tutoring in all skills related to drumming and dance. Two specialist teachers ensured the continual progress of children throughout the terms. The resulting performance in front of parents and families demonstrated how children had grown in confidence and skills. SEND children were often centre stage, and included in the Dynamix group which consisted of children from Years 3 to 6. Children in Dynamix participated in the Hackney Dance competition and made the whole school proud. Throughout the year they have demonstrated the skills they have learned by incorporating whole class dance routines into normal class assemblies including the final Year 6 class assembly.
Cycle training for children in Reception to Year 6	£5,400	To ensure cycling proficiency and the development of sustainable life-skills for the future	Children are confident to cycle to and from school and outside of school hours	The number of children riding bikes to school has increased and the vast majority of children now leave Kingsmead knowing how to cycle. They have been taken through their route from home to secondary school by bike and almost all expressed a desire to cycle to their new school. During the summer fair

		To provide cycling instructors for the whole of HAF summer camp for all children To increase the number of children able to compete in cycling competitions To encourage healthy choices, as children move towards secondary school To provide trips to the Olympic Velopark to watch competitive cycling events	Children taking part in summer camp improve cycling proficiency and confidence Children feel ready and confident to compete in cycling competitions Children feel confident to cycle independently, without adult supervision	there was great enthusiasm for the two bikes that were raffled and children are learning from a very young age that cycling can be a part of their lives. Some children visited the Velodrome and saw the cyclists using the outdoor facilities to increase their pace and stamina. Children are aware of the healthy choices they make as far as exercise and food are concerned and the number of overweight children has reduced considerably over the last five years.
Weekly swimming sessions in Key Stage 2 + transport	£3,520	To ensure children leave primary school confident and competent in water To encourage children to make healthy activity choices for activities outside of school To provide children with experience of competitions in a wide range of sporting activities	Increased number of children making progress towards being able to swim 25 metres at the end of KS2 Children can explain the benefits of being able to swim Children feel confident to participate in any competitions that arise	Children throughout KS2 have been to Britiannia Leisure Centre for weekly swimming lessons. Many children initially showed reluctance to go and some had never been swimming before. The majority of each class now express enthusiasm when it is their turn to go swimming. They have shown that they are more water confident and can float and submerge themselves in water easily. There is a noticeable increase in swimming skills each year. Most can swim a minimum of 10m by the end of Year 5 with many being able to swim the 25m by the end of Year 6.
Provide high quality materials and equipment for use in school (spare PE kits for competitions and PE lessons, swimming related items such as towels, hats and swimming costumes)	£2430	To maintain high quality PE equipment in school that supports learning of both indoor and outdoor sporting activities To establish new sporting activities e.g. basketball and gymnastics	A diverse range of activities and sports being taught across key stages Basketball and Gymnastics are established and participation is high Full engagement in PE lessons from all pupils	Currently Kingsmead school has a good supply of equipment for most sporting activities, from individual ones to those involving team sports. The provision of swimming items each weeks including caps, towels and costumes, has meant that all children have been able to go swimming each week, reducing the number of children staying back at school considerably. During PE lessons the good quantity of equipment has meant less time waiting around before having

		To ensure inclusive participation in any sport and that no child is prevented due to a lack of equipment (e.g. swimming costume, towels etc) To ensure children are not prevented from participating in sports-related competition	Families to feel supported and more children consistently accessing free sports & games provision Competitive sports events take place throughout the year with full participation of team members	a turn. Parents during Sports Day expressed their appreciation for all the sporting activities held at Kingsmead and were impressed with their own child's progress. Children have been able to compete in Hackney wide competitions and sports festivals, being fully equipped mentally, having been able to experience so many different sports beforehand.
Before and After-school sports provision -Equipment and specialist teachers provided for a wide range of sports & games, offered to all age ranges before and after school Lunch-time Gymnastics provision	£4500 £1350	Increase provision of a the range of after-school sports activities on offer To create school teams that are ready to compete in borough-wide sporting competitions Promote new sporting activities and encourage healthy lifestyle choices Enable access to all by providing a range of enrichment activities after school for a minimum charge to families. To target SEND and vulnerable children to engage in sporting activities Promote fitness at lunchtimes through specialist sports club To encourage girls to participate in sporting activities (gender bias)	A wide range of sports & games after-school clubs offered to all age ranges Specialist sports teams are established and able to compete when competitions arise Improved health knowledge & fitness with an aim to participate in varied sports competitions All children a provided with after-school club of their choice SEND and vulnerable children improved fitness and engagement Girls participation in sports activities increased	With TGI and a specialist gymnastics teacher all children from Reception to Year 6 have had access to high quality provision before after school. Before school children have played table tennis, football and basketball. After school the activities have been spread over the week to ensure that children can choose to do an active afterschool club each day if they wished to. Basketball, football and gymnastics equipment have been used in afterschool clubs and football, table tennis and basketball are now played at play times and lunch times by a variety of children out in the playground. The afterschool football team has participated in an inter-school competition. When organising and assigning children to afterschool clubs SEND children have been given priority before the rest of the spaces are filled. Girls participate in most sports equally to boys and have their own day to play football in the cage.

Specialist Gymnastics provision		Increase children's experience and confidence in different sporting activities Provide high quality training for TAPP students and ECT in gymnastics teaching		Children from Nursery to Year 6 have taken part in gymnastics lessons this year and the two TAPP students and the ECT have been in most of the lessons that their classes have been involved in. This has allowed them to observe excellent gymnastics teaching and use of the relevant equipment.
Holiday Provision	£2,064	To provide sporting activities that encourage vulnerable children to take up places in half-term and summer camps	Families to feel supported and more children consistently accessing free sports & games provision A high number of vulnerable children attending extra-curricular activities including holiday camps in Easter and Summer	For three weeks during the summer holiday and one week during the Easter holiday children have been able to attend Kingsmead and take part in a large variety of sporting activities. Parents of vulnerable children and those with SEND have been personally contacted and encouraged to attend these camps. Families have remarked on their gratitude for the provision of these camps and feeling supported with their children outside of term time.
Develop the role of Sports Ambassadors	£ Existing resources	To give children a sense of agency in choosing sporting activities at school To foster a love of sports and physical games and promote healthy choices	Children are highly engaged and enthusiastic about all sporting activities Children feel confident to make suggestions that increase their health and fitness Children can explain what healthy choices are and share that information with their peers	Sports ambassadors were appointed from each class to provide excellent role models and act as encouragement to the rest of the children. They met to discuss how to encourage the participation in sporting activities and were given the opportunity to talk to their teachers about sports. During PE lessons they were great roles models, always showing enthusiasm and confidence.
Total estimated expenditure	**£35,694**			
Overall Total Grant expenditure	**£17,876**			

Year 6 Swimming Ability

Year 6 pupils take part in swimming lessons at Britannia Swimming Pool, Hackney for a term.

The information below is based on the outcomes of the 2024-2025 cohorts' results:

- 66% of the children were able to swim at least 25 metres by the end of the term
- 47% of children were able to use two or more strokes including swimming on their backs
- 43% children were able to perform basic safe-self-rescue in different water-based situations
