November 3<sup>rd</sup> 2020

Dear Parents and carers,

Its great to see the children all back after half term and to feel and see their excitement and enthusiasm to be back in school.

### Coronavirus update

As you are all aware the government has decided on a national lockdown to combat the rising numbers of cases of Coronavirus. Primary Schools like ours are not going to be affected by this and in our view it is better for them to be in school with their friends and teachers than to be missing out on their education.

The National Lockdown begins on Thursday 5<sup>th</sup> November which may affect you outside of school as non-essential shops and hospitality such as bars and restaurants will be closed, but in school things will continue as they have been since September. Nothing will change for your child.

School staff continue to be extremely vigilant and take full precautions as detailed in the Risk Assessments on our school website where you will also find other useful information to support you and explain how we keep your child safe. If Government guidance changes we will respond to this and update the Risk Assessments where necessary. Please make sure your email address and mobile phone number are kept up to date with the school office.

Although, we know this will be a worrying and difficult time for many of you as adults, we aim to keep things as normal as possible for the children. We are all working very hard to help children catch up on what they missed during the summer term and are very grateful to those of you who can support their learning at home as usual.

As always if you have any concerns its best to call the school office or email us on.
